Management view on performance in Q1 FY13

Commenting on the Q1 FY13 results, Mr. Rohtas Goel, CMD, Omaxe Ltd. said:

“The sales for the quarter stood at Rs. 368.30 crores as against Rs. 331.15 crores in the corresponding quarter of last year, registering a growth of 11.22%.

Fresh bookings continued to be robust and 2.01 mn sq. ft. was booked during the quarter ended June 30th, 2012 taking the aggregate booked area to 41.25 mn sq. ft. The company also launched “Go-Green” initiative in its township Omaxe City, Jaipur and plans to undertake similar activities in all its projects across India. The company’s expertise and proven track record in executing and delivering projects in the Tier II and Tier III cities have lead to robust demand for its products driving the company’s revenue. Even as interest rates remained high, the off-take has been encouraging.”

Management view on Business Outlook & Future Strategy

Commenting on the outlook for current fiscal, Mr. Rohtas Goel, CMD, Omaxe, said:

“Greater offtake has been witnessed in prominent Tier II cities like Lucknow, New Chandigarh and Indore to name a few. New launches and brisk execution of existing projects have been driving robust cash flows of the Company. Our debt, too, has remained in the comfort zone as envisaged and the Company remains cautious in further borrowing due to high interest cost. The high interest rates have been prevalent in the economy for quite some time, which is now beginning to hurt the overall economic growth. The industry has been continuously submitting before the RBI to cut interest rates to enable not only home buyers but also developers to avail of loans at cheaper rate. However, RBI still maintains a cautious approach by not reducing interest rates but has instead tried to infuse liquidity in the market by reducing SLR by 1 per cent. The coming quarter may see greater demand if interest rates decline.”
