- Company has delivered 0.7 mn sq.ft in Q1 of FY20 vis-à-vis 1.58 mn sq.ft in the corresponding quarter last year. Major Deliveries are in New Chandigarh, Lucknow, Yamunanagar & Bahadurgarh.

Commenting on the Q1 FY20 results, Mr. Rohtas Goel, Chairman & Managing Director, Omaxe Limited said:

The economy as a whole has been facing some headwinds both cyclical and structural in nature. As a result, the economy is not growing at a pace which was expected earlier. In the recent monetary policy announcement even the Reserve Bank of India has revised the growth projection for the current fiscal downward to 6.9%. The real estate sector being the critical claw in the economy is also finding the going tough.

Commenting on the outlook for current fiscal, Mr. Rohtas Goel, CMD, Omaxe Limited, said:

The ongoing trade war between the US and China is taking a toll on the world economy and it is showing signs of moderation. With Indian economy also truly integrated to world, its impact on our economy cannot be ruled out. However, the Government seems to be fully aware of the economic challenges both domestic and global. The Finance Minister has been meeting representatives of various sectors over the last few days and it is expected that the government will announce some sops soon. As far as real estate is concerned, the sector is facing liquidity crunch. With banking and NBFCs space not in the best of health, it is important for the government to announce some measure to ensure funding for the sector. A stress fund could be one such measure that government should look for.

Also, in this calendar year the Reserve Bank has reduced repo rate four times in succession, but benefits have not been passed on by the commercial banks to consumers. Hence, transmission of policy rates to end users should be urgently looked into. The effective transmission will help the economy and the real estate sector in regaining its lost mojo.
