Notes:

- The above is an extract of the detailed format of financial results for the quarter and year ended on March 31, 2017 filed with the Stock Exchange under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of financial results for the quarter and year ended March 31, 2017 are available on the Stock Exchange websites (www.bseindia.com and www.nseindia.com) and the Company's website (www.simbhaolisugars.com).
- The Indian sugar industry, particularly in the State of Uttar Pradesh, had faced difficulties on account of increasing sugarcane prices, lower sugarcane recoveries and lower sugar prices resulting in under recovery of cost of production. These factors along with withdrawal of Sugar Incentive Promotion Policy 2004 had adversely affected the financial position resulting in higher interest cost, cash losses and cane arrears during the past few years. Recognizing the need to revive the industry, the State and Central Governments had initiated various steps favorable for the industry and also considering linking of sugarcane price with sugar realisation in the ensuing season. All these measures had not only resulted in turnaround of the sugar industry, but also improved the medium and long term outlook of the industry. The Company along with lenders has also initiated number of steps for de-risking its business and improving earning capabilities. The Joint Lender's forum has taken up the modified financial restructuring of the Company and has principally agreed to realign the financial liabilities as per the current earnings with priority towards payment of cane dues. The management of the subsidiaries and joint venture along with its lenders has also undertaken various steps to improve their financials. These steps are expected to result in significant improvement in the operational efficiency and performance of the Company, its subsidiaries and joint venture.
- In view of the aforesaid internal and external measures, the Company is confident that on account of positive outlook of industry, steps taken by the Company, its subsidiaries and joint venture and support of Lenders, the financial position of the Company, its subsidiaries and joint venture will be augmented significantly and Company would be in a position to generate sufficient cash flows to meet its future obligations. Accordingly, these financial statements have been prepared by the Company on a going concern basis and impairment if any in the value of assets and investments have been considered of temporary nature.
- In the previous year, the Company had classified its current liabilities in respect of Short Term Borrowings of Rs. 32,513 lacs, Current Maturities of Term Loans of Rs. 6,903 lacs and Interest Accrued of Rs. 5,106 lacs, which was overdue as on March 31, 2016 under Long Term Borrowings in accordance with the Debt Realignment Scheme (Scheme) approved by the Corporate Debt Restructuring Empowered Group (CDREG) vide their sanction dated February 29, 2016. However, in the current year, the lenders have decided to modify the scheme taking into account the earning capabilities and long term sustainability. The draft scheme is under discussion and finalization with Joint Lenders' forum. The draft scheme inter alia includes waiver of penal interest and other concessions and waivers approved in the earlier scheme as well. Pending approval of modified scheme by lenders, the Company has (a) not accounted for penal interest of Rs. 912 lacs and (b) classified borrowings overdue interest as per terms of prevailing agreements. Final adjustments will be made in accordance with the final approval of the modified scheme.
- Based on expert committee report, the State Government of Uttar Pradesh had waived interest on the delayed payment of cane price for the sugar season 2012-13, 2013-14 and 2014-15. The waiver was challenged by the Rashtriya Kisan Mazdoor Sangathan after the Hon'ble High Court Allahabad. The said Court has set aside the waiver and remanded back the matter to reconsider it after hearing all Stakeholders. The aforesaid judgment is being challenged before the Hon'ble Supreme Court by the industry. The waiver of interest for the sugar season 2015-16 is under consideration. However, notice for payment of interest on delayed payment of cane price for the sugar season 2016-17 has been issued against which the industry has made representation for waiver. Pending finalisation, no provision has been made in respect of above mentioned interest and the amount has not been ascertained. Based on the past practice, the management is confident that no interest liability will arise for these period.
- In the consolidated financial statements, financial results of Uniworl Sugars Private Limited (USPL), a joint venture company has been included on the basis of unaudited financial results certified by the management.
- The above results were reviewed and recommended by the Audit Committee and approved by the Board of Directors of the Company at their respective meetings held on May 29, 2017.
